- Curriculum Vitae, 3 pages maximum

Purpose: This program of research fellowships will serve to build cooperative networks among practitioners and scholars from Italy, Jordan, Tunisia, Morocco, Algeria, Yemen, Egypt, Turkey, Greece, Cyprus, Israel, Palestine, Afghanistan, and Iraq whose research and professional interests focus on studying or preserving cultural heritage. The program will draw on the resources, facilities, and contacts of American overseas research centers located in Italy, Jordan, Tunisia, Morocco, Algeria, Yemen, Egypt, Turkey, Greece, Cyprus, and Israel to enable the recipients to further their research and to build professional networks in and among the host countries.

The fellowships are intended to serve scholars who are citizens of Cyprus and who have already obtained a Ph.D. or have professional experience in the study or preservation of cultural heritage and who wish to undertake a specific research project at an overseas research centers in another country. Each cycle of the three-year program will fund up to twelve one- to two-month short-term residencies with recipients affiliating with one of the following overseas research centers: American Academy in Rome; American Center of Oriental Research (Amman); American Institute for Maghrib Studies (Morocco, Tunisia, and Algeria); American Institute for Yemeni Studies (Sana'a); American Research Center in Egypt (Cairo); American Research Institute in Turkey (Istanbul and Ankara); American School of Classical Studies at Athens; and the W.F Albright Institute of Archaeological Research (Jerusalem).

Award: Getty Fellows will receive a stipend of up to \$3,000 a month for living expenses and up to \$1,000 for travel expenses. A final report in English is due no later than two months after the completion of the fellowship tenure. All research must be completed within twelve months of notification of the award. Notification of fellowship status will be made available to each applicant via email by the end of April 2008.

Selection Process: Fellowship applicants will submit their research grant applications directly to the Cyprus American Archaeological Research Institute, which will in turn forward them, with comments, to CAORC. Fellows will be ranked by an appropriate scholarly review panel selected by CAORC and will be judged on the scholarly significance of their proposal and its importance to understanding the focus region; the potential value of any collaboration proposed; the feasibility of the research design; the applicant's research background; and quality of reference letter. Once a list of potential awardees has been established, CAORC will notify the intended host center of the research proposed under its sponsorship requesting that center's director to comment on the acceptability of the specific proposals in light of local conditions and regulations. CAORC will then establish the definite list of fellows and alternates and inform the successful applicants.
